The Entitlement of each Shareholder is shown on the Entitlement and Acceptance Form accompanying this Prospectus.

3.3 Minimum Subscription

There is no minimum subscription. The reason that no minimum subscription has been set is because the Company has sufficient working capital available to meet its objectives as set out in the January 2007 Prospectus. If you do not wish to take up any of your Entitlement, you do not need to take any action and your entitlement to the Options will lapse.

3.7 No Underwriting

The Offer is not underwritten.

3.8 Shortfall

Any Entitlement not accepted will form the Shortfall. The Company reserves the right, within 3 months of the Closing Date, to allot and issue the Shortfall at the discretion of the Directors on the same terms as are being offered to Shareholders pursuant to this Prospectus.

3.9 Allotment

The Options will be allotted and issued as soon as practicable after the Closing Date.

Statements of holding for the Options will be mailed to applicants as soon as practicable after the Closing Date.

Prior to allotment of the Options, all application moneys will be held in trust for applicants. The Company will retain any interest earned on the application moneys.

In that circumstance, all applications will be dealt with in accordance with section 724 of the Corporations Act.

3.11 Overseas Shareholders

No action has been taken to register or qualify the Options or otherwise to permit a public offering of the Options in any jurisdiction outside Australia.

Shareholders resident outside Australia should consult their professional advisers as to whether any governmental or other consents are required, or other formalities need to be observed to enable them to accept or deal with their Entitlement. The return of a completed Entitlement and Acceptance Form from a non-resident applicant will be taken by the Company to constitute a representation and warranty by the applicant that all relevant approvals have been obtained and that the Company may legally issue the Options to the applicant.

3.12 Taxation Implications

The Directors do not consider it appropriate to give potential applicants advice regarding the taxation consequences of applying for Options as it is not feasible to provide a comprehensive summary of the possible taxation positions of potential applicants. The Company, its advisers and officers do not accept any responsibility or liability for any taxation consequences to potential applicants as a result of subscriptions for Options under the Offer. Potential applicants should, therefore, consult their own professional advisers in connection with the taxation implications of applying for Options.

7. TERMS OF OPTIONS AND RIGHTS ATTACHING TO SHARES

7.1 Terms and Conditions of Options

The terms and conditions of the Options are as follows:

- (a) Each Option entitles the holder to one (1) Share.
- (b) The Options are exercisable at any time prior to 5pm WST on 31 March 2010 (Expiry Date).
- (c) The exercise price of the Options is 20 cents per Option.
- (d) The Options are freely transferable.
- (e) The Company will provide to each Options holder a notice that is to be completed when exercising the Options (Notice of Exercise). The Options may be exercised wholly or in part by completing the Notice of Exercise and delivering it together with payment to the secretary of the Company to be received any time prior to the Expiry Date. The Company will process all relevant documents received at the end of every calendar month.
- (f) Upon the exercise of an Option and receipt of all relevant documents and payment, the holder in accordance with paragraph (e) will be allotted and issued a Share ranking pari passu with the then issued Shares.
- (g) There will be no participating rights or entitlements inherent in the Options and the holders will not be entitled to participate in new issues of capital which may be offered to Shareholders during the currency of the Options. However, the Company will ensure that for the purposes of determining entitlements to any such issue, the record date will be at least 7 business days after the issue is announced. This will give Option holders the opportunity (where available) to exercise their Options prior to the date for determining entitlements to participate in any such issue.
- (h) If there is a bonus issue (Bonus Issue) to Shareholders, the number of Shares over which an Option is exercisable will be increased by the number of Shares which the holder would have received if the Option had been exercised before the record date for the Bonus Issue (Bonus Shares). The Bonus Shares must be paid up by the Company out of profits or reserves (as the case may be) in the same manner as was applied in the Bonus Issue, and upon issue will rank equally in all respects with the other Shares on issue as at the date of issue of the Bonus Shares.
- (i) In the event of any reconstruction (including consolidation, sub-division, reduction or return) of the issued capital of the Company prior to the Expiry Date, all rights of an Option holder are to be changed in a manner consistent with the Listing Rules.

- (j) In the event that the Company makes a pro rata issue of securities, the exercise price of the Options will be adjusted in accordance with the formula set out in Listing Rule 6.22.2.

7.2 Rights Attaching to Shares upon Conversion of Options

There is only one class of Share on issue in the Company being fully paid ordinary Shares. The rights and liabilities attaching to Shares in the Company are:

- (a) set out in the Constitution of the Company, a copy of which can be inspected, free of charge, at the registered office of the Company during normal business hours; and
- (b) in certain circumstances, regulated by the Corporations Act, the Listing Rules and the general law.

The following is a summary of the more significant rights and liabilities attaching to the Shares. This summary is not exhaustive and does not constitute a definitive statement of the rights and liabilities of Shareholders. To obtain such a statement, persons should seek independent legal advice.

Voting

At any meeting, each Shareholder present in person or by proxy, attorney or representative has one vote for each ordinary fully paid Share held either upon a show of hands or by a poll. Holders of partly paid shares shall have a fraction of a vote for each partly paid share held with the fractional vote of each share being equivalent to the proportion which the amount actually paid (not credited) for that share is of the total amounts paid and payable (excluding amounts credited) for that share. Amounts paid in advance of a call are ignored when calculating proportions.

The holder of a partly paid share shall not be entitled to vote at a meeting in respect of those shares on which calls are outstanding.

Subject to the Corporations Act in relation to a special resolution, a resolution of members at a general meeting will be carried if more than one half of the votes at the meeting are cast in favour of the resolution.

General Meetings

Each ordinary Shareholder in the Company will be entitled to receive notice of and attend and vote at general meetings of the Company and to receive all notices, accounts and other documents required to be sent to Shareholders under the Constitution of the Company or the Corporations Act. The Directors may whenever they think fit, convene a general meeting of the members of the Company and the Directors will convene a general meeting whenever requisitioned by the members in accordance with the Corporations Act.

Dividends

The profits of the Company, which the Directors may from time to time determine to distribute to the members by way of dividend, will be divisible amongst the members in proportion to the amounts paid on the shares held by them, subject to the rights attached to any shares issued upon special terms.

An amount paid in advance of a call is not to be included as an amount paid on a share for the purposes of calculating entitlement to dividends for such a share.

No dividend is currently declared or proposed.

Rights on Winding Up

Subject to the rights of members (if any) entitled to shares with special rights in a winding up, all monies and property that are to be distributed amongst members on a winding up, shall be distributed in proportion to the shares held by them respectively, irrespective of the amount paid up or credited as paid up on the Shares.

Transfer of Shares

Subject to the Constitution of the Company, the Corporations Act, the Listing Rules and any other applicable law of Australia, Shares are freely transferable.

Variation of Rights

The rights, privileges and restrictions attaching to Shares of a class, can be altered, with the approval of a special resolution passed at a separate general meeting of the holders of shares of that class, (being a three quarters majority of those holders who, being entitled to do so, vote at that meeting) or with the written consent of the holders of at least three quarters of that class of shares on issue. Any variation is subject to the provisions of the Corporations Act.

Creation and Issue of further Shares

The issue and allotment of any additional shares is under the control of the Directors, and, subject to any restriction on the issue and allotment of shares imposed by the Constitution of the Company, the Corporations Act, the Listing Rules or as may be directed by the members of the Company of a general meeting when authorising the issue of any new shares, the Directors may issue and allot such shares on such terms and conditions and with such rights and privileges as they deem fit.

Predominance of Listing Rules

If the Company is admitted to trading on the Official List, then despite anything in the Constitution, if the Listing Rules prohibit an act being done, the act must not be done. Nothing in the Constitution prevents an act being done that the Listing Rules require to be done. If the Listing Rules require an act to be done or not to be done, authority is given for that act to be done or not to be done (as the case may be). If the Listing Rules require the Constitution to contain a provision and it does not contain such a

provision, the Constitution is deemed to contain that provision. If the Listing Rules require the Constitution not to contain a provision and it contains such a provision, the Constitution is deemed not to contain that provision. If a provision of the Constitution is inconsistent with the Listing Rules, the Constitution is deemed not to contain that provision to the extent of the inconsistency.
